A		M6 10mm	16 pcs
B		M6 12mm	16 pcs
C		M6 12mm	16 pcs
D		M6 20mm	4 pcs
E		M6 65mm	8 pcs

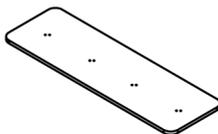

Tools

Main Parts

F
Base Shelf
1 pc

G
Middle Shelf
2 pcs

H
Upright Post
2 pcs

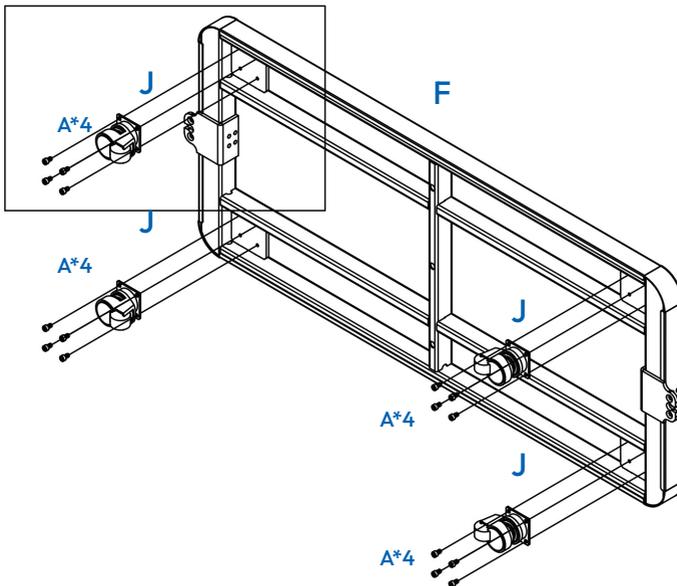

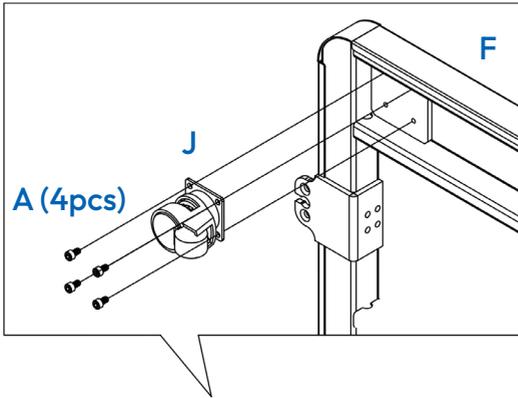

I
Shelf Support Bar
2 pcs

J
Footings
4 pcs

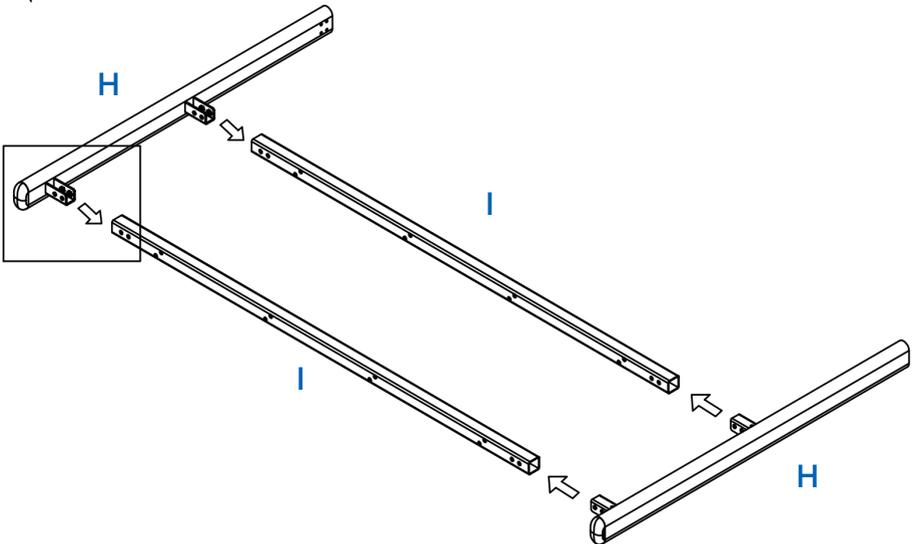

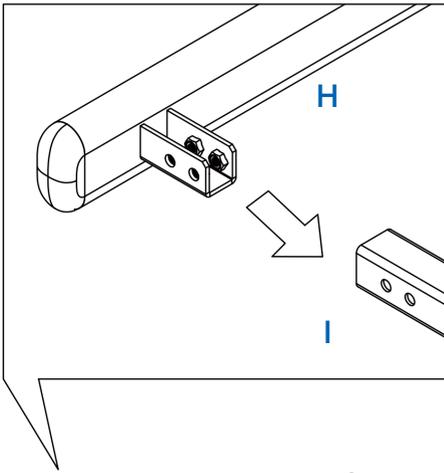

1

Let's start with the base. Grab your Base Shelf (F), the four Footings (J) and all your (A) screws. Holding the base shelf on its side, align the four holes on the footing with the plate on the underside of the base shelf. Insert (A) screws and tighten. Repeat for the three other footings.

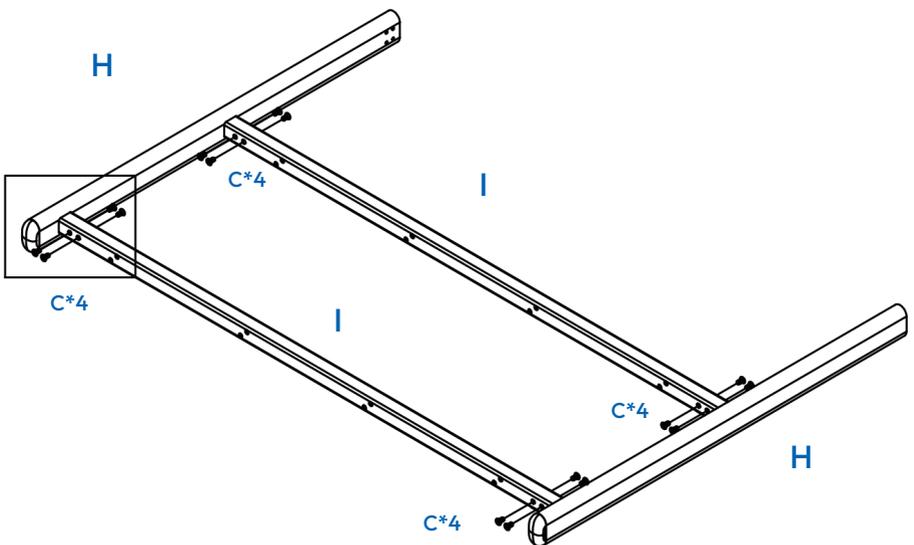

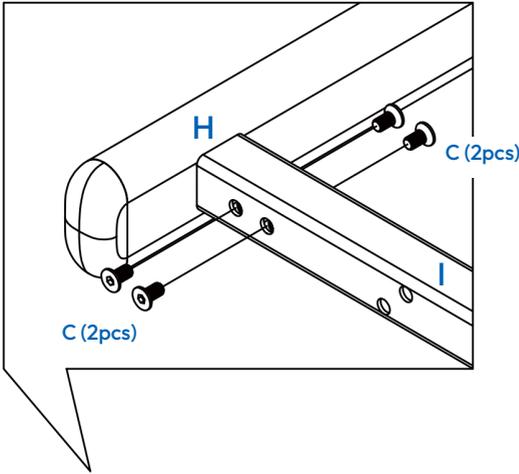

2

Now, let's build the frame. Grab the two Upright Posts (H) and lay them on their sides. Make sure the support points mirror each other—the lower end of each post should have a larger gap between the support point and the end. Then, align the Shelf Support Bars (I) with both Upright Posts (H) and press each end fully into place.

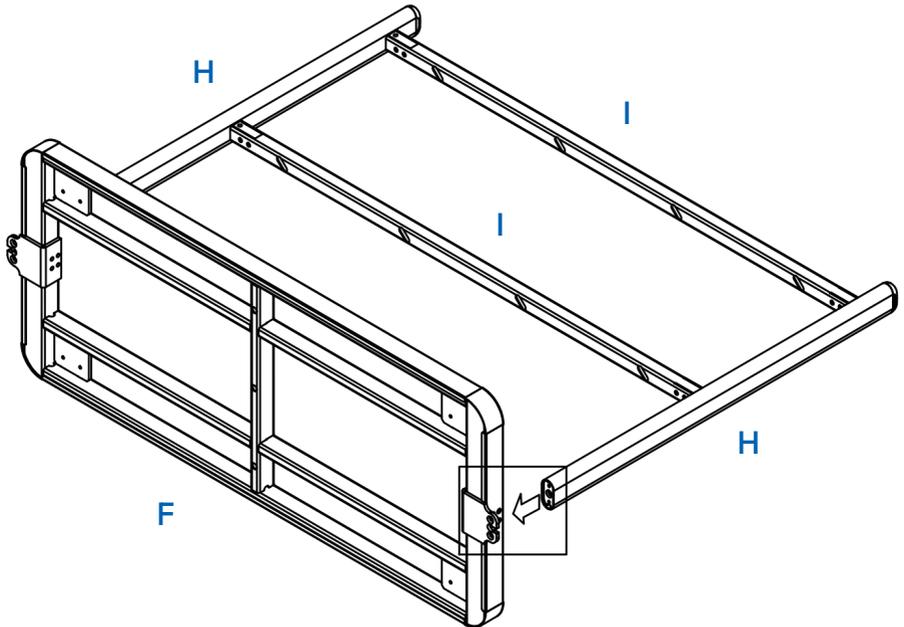

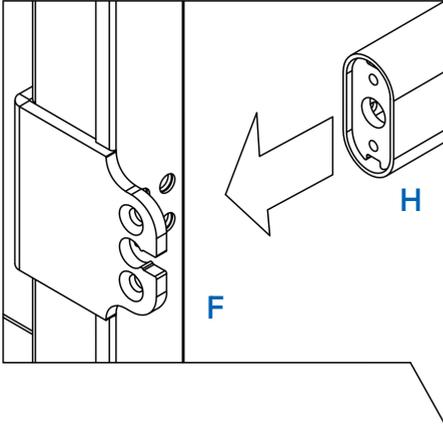

3

All bars should be seated evenly on the ground before fastening. For the Shelf Support Bars (I), insert (C) screws on both the top and bottom of each side and tighten firmly. Each bar requires a total of eight (C) screws.

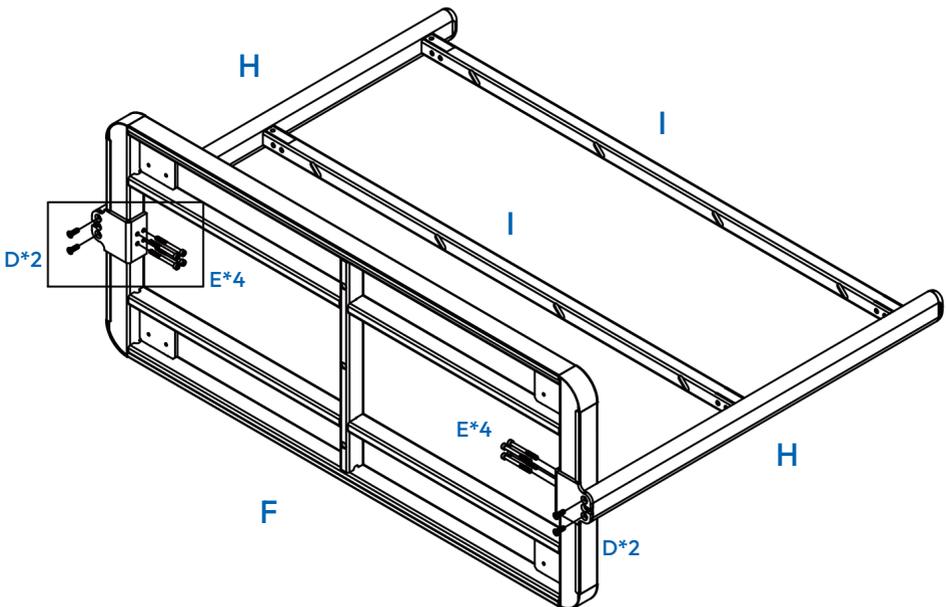

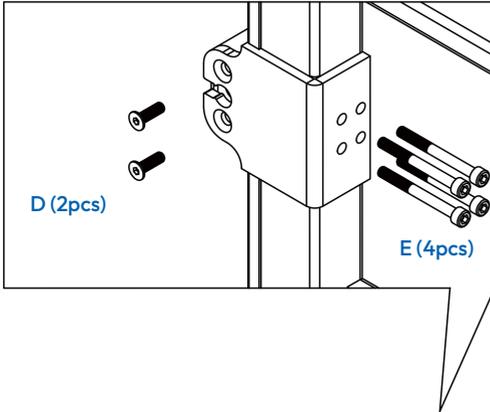

4

Bring the base back and align the shelf frame with the upright plates on the base.

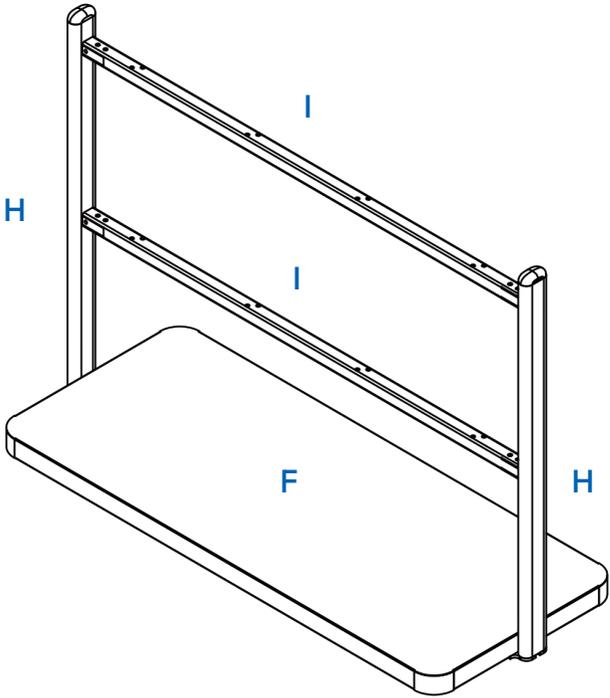

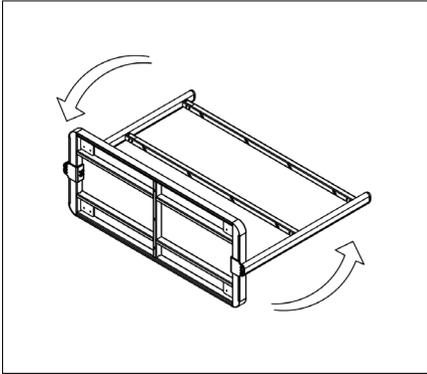

5

Once the uprights are aligned, insert two (D) screws into the bottom of the base plate. From the inner side of the base plate, insert and tighten four (E) screws. Repeat for the other side.

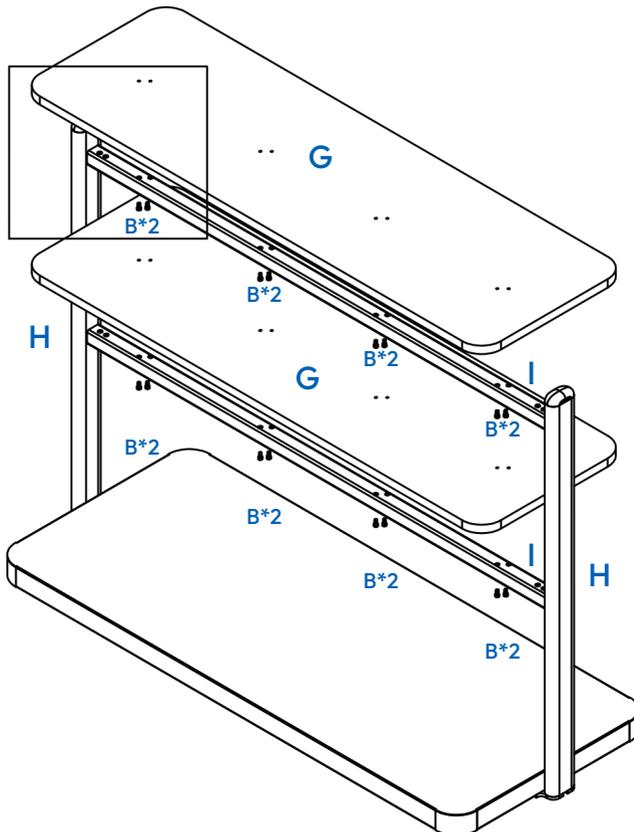

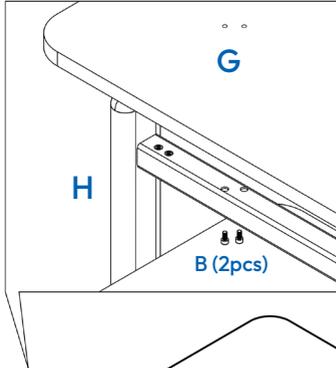

6

After securing the shelf frame and base, stand the whole piece upright.

7

Finally, install the Middle Shelves (G). Place each shelf on the Shelf Support Bars (I), align the holes from beneath, and secure with eight (B) screws per shelf.

All done!

Nice work—you've just elevated your workspace with Friant Plus.

Now organize, optimize, and enjoy the efficiency.

Care Instruction

1. For oil stains on the particleboard shelves or powder-coated iron frame, gently wipe the surface with a soft cloth dampened with a mild detergent (such as warm soapy water).
2. Immediately dry with a clean, dry cloth after cleaning.
3. Avoid using strong chemical cleaners or abrasive tools to prevent surface damage.

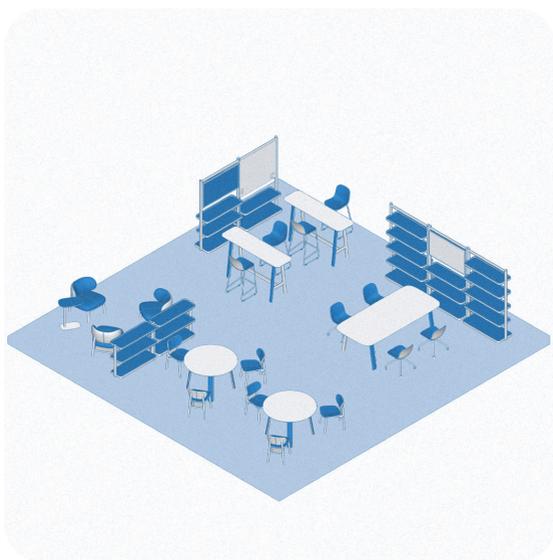

Friant has everything you need to build your entire office.

For more than 30 years, Friant has been creating high-quality office furniture to meet the needs of every workspace.

Made from the finest materials, our high-quality, durable, and stylish products are the building blocks of productivity.

Friant Plus now brings our craftsmanship online, offering exclusive access to products not found in typical retail stores.
