1

Let's start with the frame. Grab the Top Plate (E) and the Post (F). Use four (B) screws and four (C) washers to secure them together firmly.

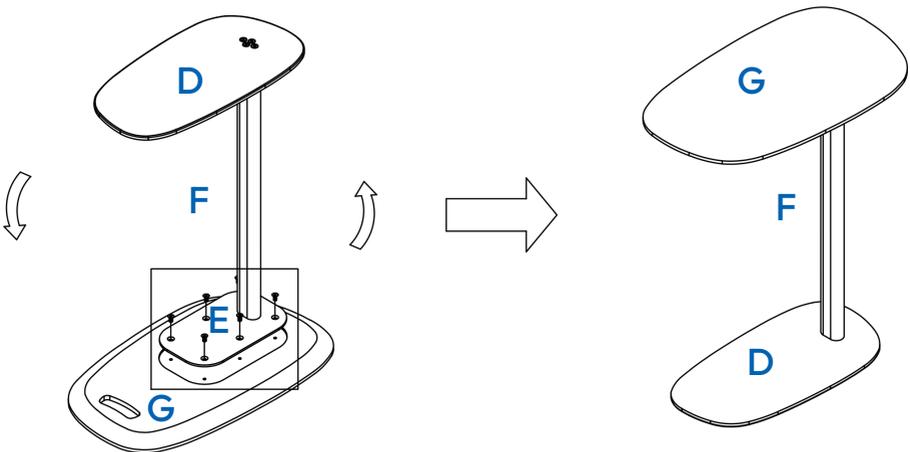

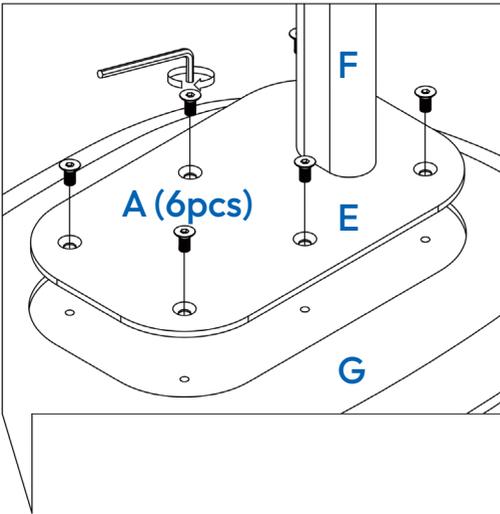

2

Rotate the Post (F) and install the base. Take the Base Plate (D) and connect it to the Post (F) using four (B) screws and four (C) washers. Tighten securely.

3

When the base is installed properly, use six (A) screws to attach the Side Table Top (G) to the Top Plate (E). After the Post (F), Base Plate (D), Top Plate (E), and Side Table Top (G) are securely fastened, carefully stand the entire piece upright.

All done!

Nice work—you've just elevated your workspace with Friant Plus.

Now place, pair, and enjoy the simplicity.

Care Instruction

1. For oil stains on the particleboard shelves or powder-coated iron frame, gently wipe the surface with a soft cloth dampened with a mild detergent (such as warm soapy water).
2. Immediately dry with a clean, dry cloth after cleaning.
3. Avoid using strong chemical cleaners or abrasive tools to prevent surface damage.
